Objectives of International Inner Wheel

To promote **true friendship**

Clubs meet regularly and have a full and varied programme including speakers on subjects of interest. By meeting regularly friendships are built and maintained. Each Club plans interclub meetings when other Clubs are invited to join in the activities and in that way their circle of friends is broadened.

To encourage **the ideals of personal service**

By working together as friends, our Clubs have an outstanding record of personal service to the community.

To foster **international understanding**

Clubs support their own choice of overseas charities as well as their District and National/Association Overseas Service Chairman’s chosen charity. Clubs also support International Inner Wheel’s service project. Clubs correspond with their link Clubs overseas and meet every three years at the International Convention.

About IIW

International Inner Wheel is one of the largest women’s service organisations in the world.

Formed in 1924, the organisation has more than 100,000 members, all female, in more than 100 different countries, working to improve the lives of women and children.

We have representatives at the UN in New York, Geneva and Vienna. These representatives attend committee meetings and report on the work of the UN.

We have many interesting projects planned for the future and we invite dynamic women to join us.

We are all volunteers working to benefit our local and international communities.

100% of the funding received by the organisation, goes into our projects.

Why join us?

There are lots of reasons why women from across the globe choose to become part of International Inner Wheel.

When you join the organisation, you’ll become part of a network of friendship embracing 103 countries. You’ll develop leadership, teamwork and communication skills and will become part of a community based on friendship, support and love.

Here are just some of the reasons people choose to join us:

“We make a difference to people’s lives and share our talents.”

“We learn from each other, interacting with people from around the globe and we receive local and international recognition.”

“Inner Wheel gives you guidance and care and the opportunity to work at grass-root levels.”

How to join International Inner Wheel

There are three ways to become a member.

1. Start a new Club – A new Club can be set up by anyone who is either related to a Rotarian/former Rotarian, related to Inner Wheel members/former Inner Wheel members and for the first time, by women who have been invited to join the organisation.

2. Join an existing Club – If you wish to become part of an existing Club, you can be invited to do so. You do not have to have any connection to Inner Wheel or Rotary. A simple majority of existing Club members should agree to this.

3. Call for new members – If you wish to join a particular Club, tell the Club President/Secretary or District Extension Organiser. They will then meet you to discuss the possibility of you either joining an existing Club or starting a new Club.

As soon as you join, you become fully active member and can vote and hold office and participate in all aspects of the Club.
